

A Different Kind of Behavioral Health Experience.

PsychFit Behavioral Health is a CARF-accredited behavioral health and wellness organization based in Charles County, Maryland. We bring together clinical support, practical skill-building, whole-person wellness, training, and opportunities for personal growth—all under one roof—creating multiple pathways for people to strengthen how they live, function, and thrive beyond the traditional care setting.

Founded by Dr. Robert L. Evans III and Jonvoana R. Evans, PsychFit is backed by more than two decades of clinical practice and behavioral health leadership, along with extensive experience in health and wellness, community programming, coaching, and personal and professional development. Together, they bring a shared commitment to creating meaningful, practical, evidence-informed solutions that respond to the needs of the people and communities they serve.

That commitment is deeply rooted in Charles County and Southern Maryland, where their service to individuals, families, professionals, and organizations has continued since 2017.

Where Behavioral Health Meets Everyday Life

People don't experience health and well-being in separate pieces—and life doesn't happen only inside a clinical setting.

It happens at home. At school. At work. In relationships. In moments of stress. And throughout the communities where people live.

PsychFit was designed with that reality in mind.

We combine clinical and rehabilitative care with whole-person wellness, practical learning, and community-based experiences that give children, adolescents, adults, families, and professionals opportunities to strengthen how they live—not simply how they feel.

THE PSYCHFIT TRAINING & WELLNESS CENTER

Our Training & Wellness Center extends that vision through four interconnected areas:

TRAINING & EDUCATION

Knowledge and skills for everyday life

PERSONAL & COMMUNITY WELLNESS

Supporting whole-person well-being

GROWTH & LIFE SKILLS

Building skills for life, growth, and independence

CLINICAL PROGRAMMING

Clinical and rehabilitative experiences that support behavioral health and well-being

A Model Built for Transformation

Our work is guided by PsychFit's **PBT Model**, developed by our leadership from years of clinical, behavioral health, coaching, and wellness practice and experience. The model brings together neuroscience, emotional regulation, cognitive-behavioral principles, personal accountability, practical skill development, and real-world application.

REGULATE → OWN → BUILD → PRACTICE → APPLY

The goal is not simply greater awareness.

It is helping people turn what they learn into what they live.

Where PsychFit Comes to Life

What happens inside PsychFit is intended to extend far beyond our walls.

We envision individuals applying what they learn at home, families strengthening how they function together, young people carrying new skills into school and adulthood, professionals bringing healthier practices into the workplace, and organizations helping create greater access to resources and support.

As PsychFit expands throughout Charles County and Southern Maryland, so does our opportunity to bring behavioral health, wellness, practical learning, and meaningful connection closer to where people actually live their lives.

Because the real measure of transformation is what happens next.

Learn. Move. Connect. Grow.

BE PART OF WHAT HAPPENS NEXT.

Opening Our Doors. Expanding What's Possible.

RIBBON CUTTING CEREMONY

Thursday, October 22, 2026 | 1:00–2:00 PM

PsychFit Behavioral Health

11325 Pembroke Sq., Ste. 114 | Waldorf, Maryland

In partnership with the Charles County Chamber of Commerce

GRAND OPENING & COMMUNITY EXPERIENCE

Saturday, October 24, 2026 | 11:00 AM–3:00 PM

PsychFit Behavioral Health

11325 Pembroke Sq., Ste. 114 | Waldorf, Maryland

An opportunity to experience PsychFit in action—connect, explore our space, experience wellness and learning activities, meet community partners, and discover new ways to engage with PsychFit.

An Invitation to Partner

As we prepare to officially open our doors and welcome the community into PsychFit Behavioral Health, we are reminded that meaningful community impact is rarely accomplished alone.

We are invested here. And we know community partners like you are, too.

Our Ribbon Cutting and Grand Opening are opportunities to celebrate what has been built—but more importantly, to demonstrate what becomes possible when behavioral health, wellness, businesses, organizations, and community come together with a shared commitment to people.

We are inviting a select group of organizations to join us as **Community Partners** through financial support, in-kind contributions, resources, services, or other meaningful ways of helping us create an experience that gives something back to the individuals and families who walk through our doors.

Whether that's fresh fruit and healthy refreshments, resources for children and families, wellness items, a sponsored community experience, or an idea we haven't considered yet, **we welcome the conversation.**

This invitation isn't simply about supporting an event. It's an opportunity to begin—or continue—a relationship centered on how we can collectively serve this community well.

We would be honored to have you be part of what happens next.
